# SPOON BENDING 101

## SPOON BENDING 101

is a great way to get a feel for what telekinesis can do. Prove to yourself and others that your mind is a powerful tool. 'Spoon-bending' contrary to its name, is not just about bending spoons, forks and other types of metal. It's a FUN way to open yourself to your mind's full potential.

Spoon Bending 101 is a light-hearted approach to the phenomenon Uri Geller made famous in the 1970s. This is the real deal, no trick spoons here. Over 80 percent of the people who have attended one of James Dayley's spoon bending events have bent their spoons. Boost your self-esteem, learn a new skill, "The Houck Technique".

1. Hold a metal spoon by the handle.
2. Concentrate and imagine the spoon bending.
3. The spoon will begin to bend and warp in your hands.
